### 1.1 Coverage of data sources\* - (part 1)

Name of data source	Type of data source used <sup>(1)</sup>	Frequency of the data source in months <sup>(2)</sup>	Time lag in months <sup>(3)</sup>	Schemes/benefits covered <i>(please indicate which scheme numbers and/or which benefits or group of benefits are covered by this data source)</i>

### 1.1 Coverage of data sources (part 2) – please note that part 1 and part 2 is in fact one table and have only been separated to facilitate the completion of the table

Name of data source <i>(Please indicate the same data sources as in table 1.1 part 1)</i>	Overall accuracy <sup>4</sup>	Geographical coverage (i.e. which parts of the country are covered by this data source) <sup>(5)</sup>
--	-------------------------------	--

National accounts	Preliminary data, otherwise good accuracy	All areas covered
-------------------	---	-------------------

Annual accounts for municipalities and county councils	Good accuracy	For municipalities, all but one out of 290 were covered. All county councils were covered.
Administrative data from The Swedish national financial management authority	Good accuracy	All areas covered

4. Please fill in this column only in cases of inaccuracies in the source for the purpose of deriving an early estimate: delays, data source containing estimations, incomplete coverage for some schemes and other possible problems or errors. Give a brief description of the main sources of inaccuracies.

5. Please indicate "Full coverage" if the data source covers the whole country. If the data source contains data for some regions only, please specify the region.

**2. Changes in the calculation of early estimates** (In the first column, please indicate the scheme and/or the benefit(s) involved, then describe in the other columns each change in comparison with previous year estimates with a few words.)

	Details on the change			
Scheme/Benefit (or group of benefits)	Changes in the data sources used <sup>(6)</sup>	Changes in the methods used for estimating data <sup>(7)</sup>	Changes due to conceptual adjustments <sup>(8)</sup>	Other

6. E.g. changes in the set of the data sources (new data sources, disappearing of an old one); additional information supplied by certain data sources; other changes in data sources.

7. E.g. changes in the methods used, revised methods to put the information supplied by data sources in line with the ESSPROS methodology or other changes in methods.

8. E.g. changes in the ESSPROS methodology; in the social protection system; in classifications or definitions other than ESSPROS; etc.

### **3. Other information related to Quality**

#### **3.1 Links with national accounts**

Please specify checks/corrections to the data from national accounts to take into account conceptual differences between ESSPROS and national accounts when calculating early estimates.

--

#### **3.2 Other relevant information on quality of the early estimates**

Please specify any issues that could potentially affect the quality of the early estimates.

All three data sources will be updated when the core system for the reference year 2022 is calculated in March 2024, which may lead to differences in the results between EE and CS.

### **4. Dissemination**

<b>Are these estimates published in your country?<sup>(9)</sup></b>	<b>At what timeliness? (in months)<sup>(10)</sup></b>	<b>State any specific publication (and possibly the link)</b>	<b>Are they part of regular publications? (yes or not)</b>
No			

9. Please specify "yes everything", "yes, only the following part...", "yes, but not in the ESSPROS format" or no". In case of "yes, but not in the ESSPROS format", please explain.

10. Please specify how many months after the period of reference the data are published (the period of reference for this collection was 31<sup>st</sup> December of reference year).
