# ISA<sup>2</sup> Legal Interoperability Action

ISA<sup>2</sup> MID-TERM CONFERENCE

Linking public administrations, businesses and citizens

Follow discussions online

 @EU\_isa2

 ISA<sup>2</sup> Programme

**#ISA2CONF18**

## Legal IoP – EIF Definition

*“Legal interoperability is about ensuring that organisations operating under different legal frameworks, policies and strategies are able to work together.”*

## Legal IoP – EIF Definition

*“Legal interoperability is about ensuring that **organisations** operating under different legal frameworks, policies and strategies are **able to work together.**”*

## Legal IoP – EIF Definition

*“Legal interoperability is about ensuring that organisations operating under different **legal frameworks**, policies and strategies are able to work together.”*

# Legal IoP EIF Recommendation

*“Ensure that:*

- *legislation is screened by means of ‘**interoperability checks**’, to identify any barriers to interoperability.*
- *When drafting legislation to establish a European public service, seek to make it **consistent with relevant legislation**, perform a ‘**digital check**’ and consider data protection requirements.”*

## Legal IoP Action of ISA<sup>2</sup>

- **Digital screening**

Methodology to identify ICT impacts and interoperability gaps in new legislation (assessing Inception Impact Assessments)

- **ICT Impact Assessment Guidelines**

Methodology to assess, both in qualitative and quantitative terms, the ICT impacts of the proposed legislative initiatives

- **Interoperability Check**

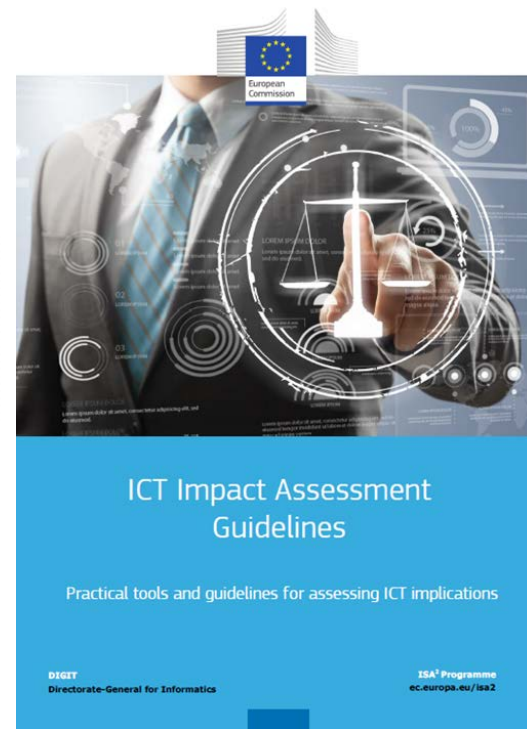

Methodology to identify ICT impacts and interoperability gaps in existing legislation (assessing Evaluation Roadmaps)

- **Interoperability Cost benefit Analysis**

Methodology to measure the cost and benefits of interoperability actions and solutions at Member States and European institutions

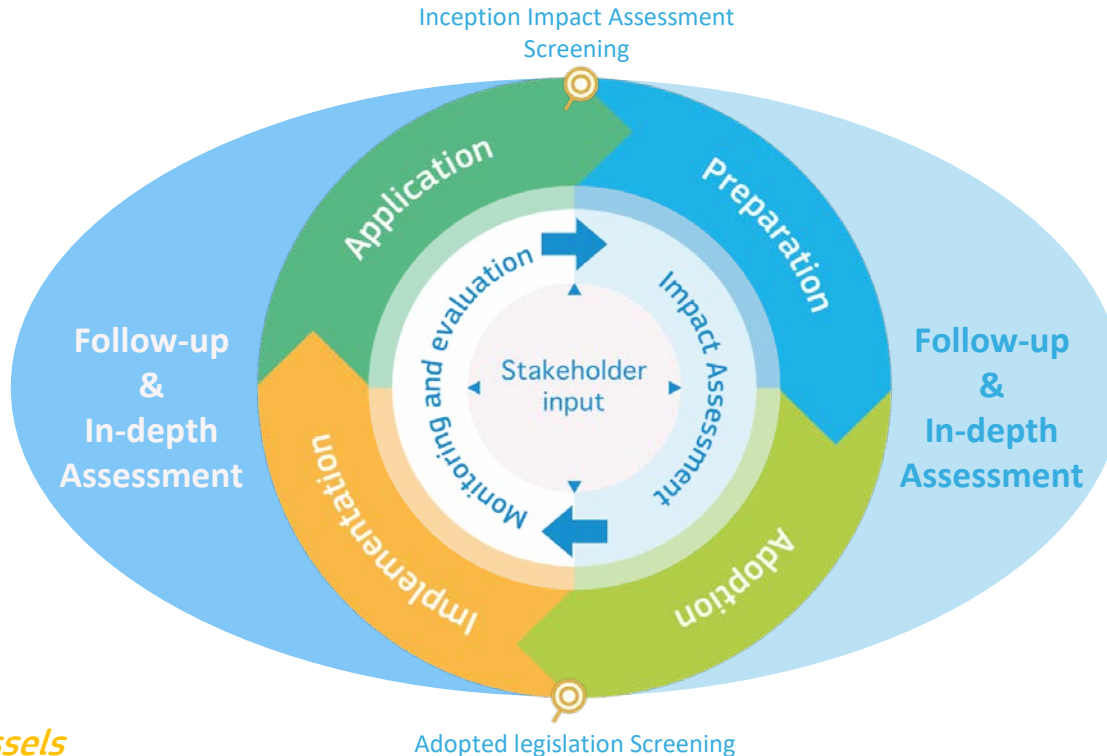

Better Regulation  
Tool#27

# Our vision: Legal Interoperability Support

# Our working reality

Main challenge

Low  
awareness

Our main task

Awareness-  
raising &  
Support

# What helps...

Tallinn declaration

*“We call upon the Commission, building on the Council Conclusions on mainstreaming digital solutions and technologies in EU policy, **to fully integrate digital considerations into existing and future policy and regulatory initiatives**”*

*Better regulation stock-taking*

*Commission Communication on subsidiarity*

Better regulation &  
Possible link with subsidiarity

# What helps...

European Commission  
Digital strategy

*“Guidelines for Commission policy makers should be prepared to address IT issues in new legislation, particularly regarding data management and the legal and semantic interoperability ...”*

*Community of practitioners*

*Experience sharing*

Commitment and enthusiasm
